Dear Parents/Carers

Positive Parents

I recently hosted a virtual information session with Karen Street from Positive Parents.

In acknowledgement that a large number of parents and carers have work and other commitments which make joining these sessions difficult, I thought it would be useful to send out a quick reminder of the work they do.

Positive Parents are an independent organisation for parents and carers of children and young people with special educational needs and disabilities living in Havering. They are an invaluable source of information and support; but importantly, their direct work with the local authority, education and health, ensure parent and carers views shape the provisions and services available to your child locally.

During the session Karen was able to provide examples of how parent feedback on planned changes have influenced the services available for young people with additional needs. The organisation is keen to ensure that every parent and carers voice is heard and would like to encourage the families of all children with SEND to become a member.

A link to the online membership form is attached below –
