

#### PfA statement

At Lime Academy Ravensbourne we begin to prepare our pupils for adult life from the moment they enter school. We work hard to ensure that each pupil has appropriate, personalised Education Health Care Plan outcomes that are transferable to the real world. We want to support all our pupils to gain skills that will support them in their future.

Preparation for Adult concentrates on the following key areas:

- Employment
- Independent Living
- Community Inclusion
- Health

At the end of their time in school with us our pupils progress to either a higher education colleges or a social care provider.

Our family support worker and 6<sup>th</sup> form lead support young people and their families with their transition to other settings. All our Post 16 learners have a varied curriculum offer which incorporates opportunities to practice life skills, employability and life in the wider community.
