

Message from SLT

We are now half way through this half term – time flies when you are having fun! Our pupils have been engaged in a range of exciting learning activities linked to their new topic both in class and outside. As the weather warms up, we will take more learning outside so please make sure your child is dressed for the weather. Please apply sun cream before they attend school if required and don't forget to send in a sun hat and some extra water.

Contact

Every class has their own class email address. Please use this as the first point of contact with your child's class teacher. These are checked daily – please note teachers will only respond to emails during the working day (8-5.30) and outside of direct teaching time (9-3). If your child is going to be late, collected early or absent please phone through on 01708 34100, ext: 1. and leave a message. The office staff will ensure the message is passed onto the appropriate staff members. Thank you.

Swimming

The swimming pool reopened last week and it was lovely seeing pupils back in the water and enjoying the freedom of movement this brings. Please be aware we can only open the pool if the chemical levels and temperature are correct - these are tested daily, and if there are sufficient staff numbers to allow pupils to access the pool safely as the pool requires a higher staffing ratio than other areas. We do everything we can to keep the pool open, but on occasion closures may happen due to circumstances beyond our control. Thank you for your understanding. Please make sure you send in your child's swimming kit including a towel, swim liners and a swimming hat. These will all be sent home at the end of the day.

25th May: Shared Learning-Movement in May

27th May: School closed: Queens Jubilee Holiday

30th May-3rd June: Half term

22nd June: Shared learning – Jingly June

15th July: Leavers Prom.

All Classes shared learning Celebration Assembly

19th July: Last day of the Summer Term

Pupils of the week

Maisy

for using her AAC device to express her wants and needs during a range of activities, and for her enjoyment and determination to learn new things each day

Aleena

for independently using her device to communicate her needs

Healthy Eating in Hawking Class

Over the last half term, Hawking Class learnt about healthy eating. They sorted and matched different vegetables. They made soups and smoothies in cooking, cutting and chopping the vegetables, stirring the ingredients and then sampling their tasty end product.
